

Bühler WB optical sorter.

Reliable sorting performance for consistent quality.

- High definition bichromatic cameras
- Simultaneous resort option
- Stores up to 100 sorting modes

Designed for flexibility and fast product changeovers. Available in various sorting configurations storing up to 100 sorting modes. A suitable solution for processing requirements in nuts, coffee and plastics.

Bühler WB optical sorter.

Features and benefits.

- Reliable sorting performance for consistent product quality in nuts, coffee and plastics.
- High definition bichromatic cameras
 - Detects colour variations, spot defects and various foreign material.
- Simultaneous resort option
 - Allows the recovery of good product from the reject stream, maximising yields and increasing profitability.
- Stores up to 100 sorting modes
 - The Bühler WB can store up to 100 sorting modes to enable fast changeovers to minimising loss of processing time.

Bühler WB optical sorter.

Technical Details

Model	Typical Air Requirements* (L/min)	Power Consumption (kW)
4 Module	<3,000	2.4

Dimensions and Weight

Model	Width (mm)	Depth (mm)	Height (mm)	Weight (kg)
4 Module	2,060	1,610	2,000	1,000

Remarks: ±10mm tolerance is acceptable by real calculation

Bühler optical sorting range.

Quick glance on technologies and Customer Care.

■ **Inspection systems**

High resolution cameras are built in-house with optic sensors that deliver the colour and registration needed to detect defects and foreign material.

■ **Tertiary sorting**

Designed to meet every processors' requirement – enable delivery of exact customer accept quality requirement; maximising yields and revenue.

■ **High speed ejectors**

The Bühler optical sorting range features 64 powerful ejectors per chute. These are built to deliver high-speed, long-life span and reliability, lowering cost of ownership.

Bühler Customer Care.

- **Bühler's worldwide Customer Care organisation**
Provides the highest quality local support, offering a variety of services and solutions to ensure your Bühler optical sorter performs to maximum efficiency, delivering productivity and making return on investment.
- **The Bühler optical sorting range**
Available in selected markets through exclusive partners. Local partners speak the local language, are close to customers and provide advice and support.

The Bühler optical sorting range are available in:

- Bangladesh
- Cambodia
- China
