Manufacturer: Awareness Technology Inc

SKU#: 8036-10-0022

- Push-button controlled and pulse dispense
- 1L wash bottle-1L waste bottle with full level sensor and alarm
- Adjustable dispense volume
- Pump creates vacuum and pressure

### Product Description

The Awareness Technologies Stat Wash® 3100 Manual Microplate Washer is an economical instrument designed for washing immunoassays in microwell strips and plates with expert quality. By eliminating the use of squirt-bottle washing, the Stat Wash® provides clean, fast, and precise results without using expensive automated washers. The user-friendly Stat Wash® 3100 microplate washer reduces exposure to the potential dangers of splashing biohazards with its push-button controlled aspirating and dispensing features. This Awareness Technology washer's fast, simultaneous washing of up to 8 wells also helps increase productivity. The washer is supplied with an 8-probe manifold, a 1L plastic wash bottle, and a 1L plastic waste bottle with a full sensor. Call us today to learn more about the Awareness Technologies Stat Wash® 3100 Manual Microplate Washer!
